

REPORT TO NZAP COUNCIL, JUNE 2024

From the Ethics and Professional Standards Committee

General

Following my recent appointment as chair of the Ethics & Professional Standards committee, I am pleased to be joining the council and becoming acquainted with its work and processes.

As NZAP no longer has a regulatory function and does not offer a complaints process, the work of the Ethics & Professional Standards committee is now to provide education and support for members in this important area.

Committee

The members of the committee are Penny Kennett and John Savage, and a meeting is scheduled for us to form as a group and discuss our direction and areas of focus for the coming year.

Complaints

Since taking up the position of committee chair 2 weeks ago, I have been involved in responding to queries and requests for support from two members.

Kate Dent Rennie

Chair, Ethics and Professional Standards Committee
